Although not the champs, the Indian cagers offered many fine performances and thrilling moments for their followers. Captain Cal Tucker, the Indians only veteran, led the Indian attack with an average of 18.5 points per game in league play. His top performance was a 33 point night against Whitehall. Supporting Cal in point production were Hallenbeck, Smith, and Demas, with Seeber, Roberts, and Clark taking care of the board work. THE SENIOR CLASS

GLENS FALLS HIGH SCHOOL

Glens Falls, New York

Foreword

The years spent at Glens Falls High School have been of great value to us, the Class of 1961. We have not only expanded our academic knowledge, but we have learned lessons that will help us throughout the rest of our lives.

When we entered high school as sophomores, little did we realize that school has a twofold purpose: to teach academic subjects and to prepare students to face the future as mature adults. The faculty members of Glens Falls High have done just this. In addition to academic growth, they have molded our characters through athletics, music, dramatics, and clubs. Each school organization we have belonged to has taught us that we must work together to achieve anything that is worthwhile. Whether working together in decorating for a dance, practicing with a team, or rehearsing for a play, we have experienced teamwork and gained sportsmanship.

When we enter the adult world, we will take with us these three good years of academic and social experience. We, the Class of 1961, are confident that the training we have received in Glens Falls High has successfully prepared us to assume the responsibilities of citizenship in a troubled age.

The Faculty

Without a captain, an experienced crew, and a route mapped by navigators, a sailing schooner would never reach its destination. So it is with students. Unless they have the guidance of well-trained, understanding counselors and instructors, they may flounder in the turbulent sea of life.

We have been guided by wise and competent teachers; they steered us through our uncertain sophomore year; they counseled us as we came to face the more mature problems of our choice of college and future occupations; they shared in our extracurricular activities by giving us advice. Let us not look blindly at our own successes without considering those who too often go unrewarded for the many hours they have spent with us. The guidance and understanding that the faculty and administration have given us has surely contributed to the betterment of our characters and to the enrichment of our minds. Their wisdom will guide us in the future and we shall strive to acknowledge our appreciation to our teachers by making them proud of our future accomplishments.

Superintendent of Schools

DOUGLASS B. ROBERTS, B.S., A.M., Ed.D.
—Tufts University; Harvard University.

To the Class of 1961:

As you approach graduation you have my sincere congratulations. Achieving this landmark has been hard work and has had, I know, its moments of despair and uncertainties as well as pride and happiness. I trust that the efforts of your teachers, the friendships you have shared, and above all the satisfaction that comes from successfully facing a real challenge with your eyes open and your head up, have combined to make your years in the Glens Falls Schools a richly rewarding foundation for what lies ahead.

Douglass B Roberts

Board of Education

The Board of Education, a group of our community's leading civic-minded citizens, give generously of their time for planning the future course of education in the Glens Falls Schools. Members are, *left to right*: Fabian O. Ducharme, A. William Cohn, Francis W. McGinley, Douglass Crockwell, Mrs. Grace M. VanWirt, President; John W. Glass, Robert A. Churchill, Clerk of the Board; Douglass B. Roberts, Superintendent of Schools; Dr. John W. Canaday. *Absent*: Merritt E. Scoville, Donald E. Reutershan.

In Memoriam

RUSSELL M. L. CARSON

Russell M. L. Carson, at the time of his death, had been a member of the Glens Falls Board of Education for 36 years and had served as its president from 1937-1941.

His influence on the members of the Class of 1961 was great. Those of us who knew him personally benefited from his warm friendliness and his genuine interest in young people. In addition, all of us have profited from his progressive outlook, understanding guidance, and dedicated service that did so much to mold the schools that have played so large a part in making us what we are.

MISS ANN J. McCREA

Ann J. McCrea taught business subjects in the Glens Falls High School from 1918 until her retirement in 1958. From 1920, she served as head of the department. Vitally interested in each pupil and always willing to give individual help, she trained her students well to serve the myriad needs of local businessmen who depended on her recommendations.

Although her first loyalty was to the business department, her interest in other aspects of education was profound. She attended athletic contests with regularity, frequently as a chaperone. Before her death, she was active in transcribing children's stories into braille.

Certainly, her devotion to young people has established a tradition worthy of preservation.

Principal

WILLIAM H. BROWN, A.B., A.M. — Dartmouth College; Teachers College, Columbia University.

To the Class of 1961:

As you approach graduation, you may have a feeling of relief that assignments and tests are nearly over. Although I wish you success in meeting the tests that are immediately before you, I would not be limited to them, for I know that you are not through with being tested.

Whether you are taking further education or are on a job or are making a home, you will be learning, and you will be tested in one way or another all through your life.

I can wish no better thing for you than this: that in whatever situation you find yourselves in the years to come, you will continue to learn and you will meet the tests as responsible citizens.

Cordially yours,

William H. Brown

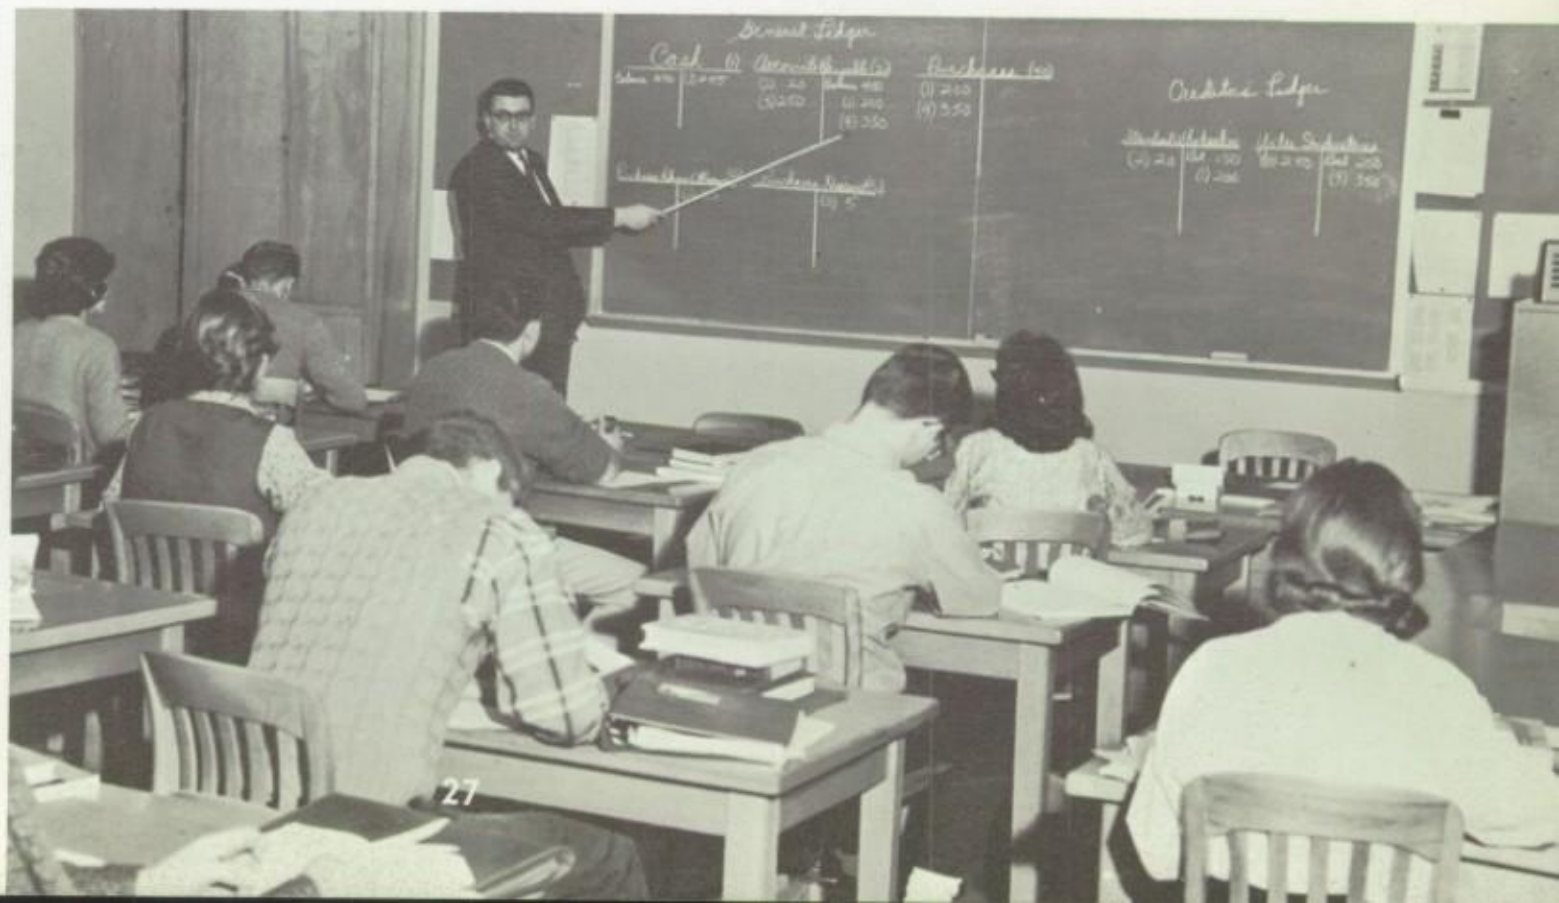
Education via Executone

Six years ago the Glens Falls Board of Education accepted the proposal that the Executone be used as a means of providing an education beyond eighth grade for handicapped children in the school district. The Executone, which is an intercommunication system consisting of a private telephone line from the school to the home, is an innovation in the education of handicapped people. The first Executone in the Glens Falls area was installed by the New York Bell Telephone Company in the home of Mary Louise St. John. Mary Lou, who is a member of the graduating class, says, "This means of securing an education is a miracle — one that would not be possible without the constant co-operation of the administration and faculty of the school."



"I have drawn seven 'T' accounts on the blackboard," says Mr. Reid. When the blackboard is used, the teacher repeats what is written so that Mary Lou can follow along.

SHEA

Athletics

The diversified athletic program our school offers gives every student an opportunity to participate in intramural or interschool sports. In football, basketball, baseball, wrestling, track, tennis, golf, and bowling, a spirit of cooperation is developed. By participating in such activities we learn how to play fairly, how to accept victory proudly, but not arrogantly, and how to accept defeat humbly.

Together, both the players and spectators bear the pride of victory and the burden of defeat. It is the good sportsmanship by both groups that helps to lay the foundation for successful teams. Our coaches, in helping to build better bodies, are always working to build better people, too, for they are mindful of the moral and mental, as well as the physical development of every individual. Many of us owe much to the athletic training given at good old Glens Falls High.

Football

Off to a fast start, winning their first five games, the Indian gridiron eleven suffered heartbreaking setbacks in their last two games to finish the Northern Conference race in the runner-up spot.

The highlight of the season came when the Indians knocked Northern Conference Co-champion Whitehall from the ranks of the undefeated. Defeat at the hands of Hudson Falls came only after a 60 yard pass play with minutes remaining to be played in the game, while the loss to the Kerries resulted from the extra point conversions and a last quarter goal-line stand.

Field general Chris Hallenbeck was supported in the backfield by such staunch TD marchers as Mike Smith, Cal Tucker, Todd Zenger, and Neild Waterman. Up front on the offensive and defensive lines were such standouts as Bruce Coon, Skip Potter, Brian Wilsey, Mike Lebowitz, Dave Eastwood, and Tom Marchewka.

The work of the Junior Varsity, who compiled a record of three wins, one tie, and two losses, indicates future promise to the varsity ranks.

Organizations

Belonging to and participating in various organizations helps to build conscientious and interested citizens. Teamwork is vital for we soon learn in such clubs and organizations as Student Council, French, Varsity "G", Outing, Hi-Y, World Affairs, and Science that not everyone can be a leader — that there must be followers as well. It is good followers who are the backbone of any organization.

Only through participation does a person realize that to be successful he must have help from others and at the same time give help. The fun and fellowship gained from these organizations are an important part of growing up, and help to promote a sense of responsibility and service. Each activity blended into our high school years gives us a richer, fuller outlook on life and helps to prepare us for the problems we will face in life after graduation.

As chairman of the activity ticket committee, Sue Collin directed the sale of tickets which finance school sports and student assemblies.

Robin Searle managed the sale of magazines conducted jointly by the A.F.S. and the Senior Class for the benefit of the foreign student program and the *Red and Black*.

The Student Council is a forum for the discussion of school problems. One boy and one girl from each homeroom represent the student body in the council. Among the many obligations and responsibilities of the council are the sale of activity tickets, management of concessions at football games, supervision of the halls during lunch period, and providing transportation to away games.

This year, in addition to its routine business, the council questioned its powers, purposes, and responsibilities to the students. After examining the old constitution, the council felt that it needed revision to provide for changes in school life over the past thirty years. A special committee was formed to draft a new constitution. In the ensuing meetings, many stimulating discussions led to the adoption of the new constitution. The officers and members of the Council sincerely hope this new document will be a guide to students in future years in working for the good of the school.

Pam Trimbey, Student Council president, gives a report to the Council.

National Honor Society

Membership in National Honor Society is one of the greatest honors that a student can earn while in Glens Falls High School. To be inducted into Honor Society, a student must excel not only in scholarship, but also in character, leadership, and service.

During his high school career, a student has three opportunities to qualify for Honor Society. He may be tapped in February of his Junior year with an average of 3.7 and in October of his Senior year with an average of 3.4. In February of his Senior year, he may also become eligible for membership with an average of 3.2. Points are distributed as follows: H — 5, A — 4, B — 3, C — 2, D — 1.

As part of the induction ceremony, both new and old members must pledge to uphold the ideals of the National Honor Society and to seek knowledge through truth, light, and understanding. Following this pledge, each member lights his candle from a central candle symbolizing these ideals and then files down the aisles of the darkened auditorium.

Officers of Honor Society are, *left to right*: *Elaine Hillman, treasurer; *Edde Achenbach, secretary; Miss Nola Wentworth, sponsor; *Carolyn Jones, vice president; *Phil McIntire, president.

American Field Service

The Foreign Student Committee, which was organized in 1960, has achieved much during its short existence in our school. As an official chapter of the American Field Service, its efforts culminated in bringing Nicola FitzGerald from Australia to spend a school year in Glens Falls, and it plans to sponsor students going from our high school to countries abroad for the summer. The committee was also influential in the arrival of Denis Favier, the French representative to the *Herald Tribune* Forum, in Glens Falls where he spent several weeks. Both students were given formal receptions by the Committee, and were guided by it in becoming better acquainted with our community.

Last year the Student Council initiated a project to bring a foreign student to Glens Falls. The funds for this project were raised entirely within the school by the student body. Arrangements were then made through the American Field Service International Scholarship organization to bring a foreign student to your school.

I consider myself very lucky to be your first foreign student under this program. America's legendary friendliness and hospitality have made this year a rewarding experience for me, and I know that foreign students coming here in future years will be shown the same enthusiasm and interest which I have found in all of you.

ITWA

Since this year's class entered the ninth grade, the program known as I-T-W-A, or "Itwa" — Improving the Teaching of World Affairs — has been a part of daily school life in Glens Falls. Its aim has been to help us see the world as a community, to relate our learning in every classroom to a world point of view. Unusual exhibits, new maps, and tape recordings, as well as numerous visitors from overseas, have helped us to know what other people think, feel, and do.

This year the school has enjoyed the friendship of Nicky FitzGerald, of Australia, an American Field Service student, and Denis Favier, of France, a delegate to the *Herald Tribune* High School Forum. Nicky lived with Robin Searle, and Denis with Philip McDowell.

Besides these visitors, many educators from overseas — more than 100 from over 50 countries since ITWA began — have come to observe this program in Glens Falls Schools. Several of them served as guest teachers in various classes. Too, many American teachers have come here to learn about ITWA.

His Excellency, Dato S. Chelvasingham MacIntyre, of Malaya, Ambassador to the U.N., explains to Mr. Long his views on the relationship of his country to Southeast Asia.

Business Education is an integral part of the ITWA program. Mr. Cafaro explains our method of teaching typewriting to Ambassador and Madame MacIntyre, Mr. Long, and Mrs. Creal.

Through this approach to world understanding we have learned to associate differences with friendliness rather than hostility. As Dr. Chu, of Skidmore, told us in an assembly program, "World affairs are human affairs."

This year's graduating class is the second to share in the World Affairs Awards, which are cash grants given by Mr. E. J. Trimbey in the name of the Glens Falls Rotary Club, for outstanding achievement in the study of world affairs.

FIFTEEN SCHOLARSHIPS TOTALING $1,500 is the goal of the Georgia Adams Hi-Y. As one of the most active service clubs in the school, the Hi-Y's purpose is "to create, to maintain, and to extend throughout the home, school, and community higher standards of Christian character." The Hi-Y officers are, *first row*: Judy Warner, vice president; Wendy Glass, president; Mary Beth Bayle, sergeant - at - arms. *Second row*: Marilyn Crannell, treasurer; Miss Hilda Hayes, sponsor; Penny Peck, secretary.

Throughout the school year, the Hi-Y has taken on various projects to build up its scholarship fund. The red-aproned girls started off the year by serving coffee and doughnuts at the September Zone Teachers' Conference. Their annual student mixer, entitled the "Kick-off Kaper," highlighted the beginning of the school year and was soon to be followed by the lively 1960 Sock Hop with its appropriate prizes for the most original socks and novelty dances. The ever-successful Spinster Swing, "Valentasia," brought out over six hundred people to make it the most successful dance of the year.

The Hi-Y members with their red aprons and smiling faces were also seen at the basketball games tending coke machines and selling ice cream and candy in the gym, or seen at presentations of the Operetta Club checking hats and coats and selling refreshments as a profitable public service. As its last project in the 1960-61 fund-raising campaign, the Hi-Y held its annual car-wash to achieve its goal of $1,500.

These busy Hi-Y girls work hard to augment scholarship funds.

Future Teachers of America

Robert S. Buddy Club

Chartered four years ago, the Robert S. Buddy Chapter of the Future Teachers of America is one of 295 chapters in New York State. The first F.T.A. Club was chartered in 1937.

The programs this year have been diverse and interesting. In October, Kenneth Burdo, elementary science helping teacher, gave an informative talk on modern methods of teaching science in the elementary grades, how to use a science film, and what a science "helping teacher" does. Robert N. King, Director of Research and Curriculum, spoke in November on the advantages of and the requisites for teaching on each of three levels — elementary, secondary, and college. Mr. King has taught on all three levels and in 1936 was one of the first male teachers in the Glens Falls school system. Further discussion of his topic was conducted in December by a panel of club members with cadet teaching experience.

In February Miss Anne Cromie discussed the teaching of French in the elementary grades and on the secondary level, and explained the advantages of the Language Laboratory in both junior and senior high schools.

F.T.A. OFFICERS AND ADVISERS ADMIRE THE FOUR SEALS ON THEIR CHARTER. *Seated, left to right*: Sara Cutshall, secretary; Mary Beth Bayle, president; Bonnie Abbott, vice-president and program chairman; Miss Helen S. Gahimer, adviser. *Standing*: Neil Akins, treasurer; Howard S. Grout, adviser.

Programs scheduled for the remainder of the year include talks by Mrs. Helen Lamb, guidance counselor; Miss Elizabeth Dodds on 'Education in Japan"; and Miss Sandra Steele, a graduate of Glens Falls High School five years ago, who is now teaching first grade at Sanford Street School.

On Monday, April 24, the club is anticipating the trip to State College of Education at Oneonta for the "college-for-a-day" program.

Under its cadet teaching program, members of the club have an opportunity to be helping teachers in the elementary grades one period a week. Several of the senior members of the club have been cadet teachers for two years. Last year, the Glens Falls Teachers Association awarded its first teaching scholarship to Miss Billie Blackman, and F.T.A. member, who is this year studying at the College of Education at Albany.

Outing Club

In preparation for the annual overnight Mount Marcy hike in May, the Outing Club plans monthly outings. This year, they consisted of:

October	—	Prospect Mountain
November	—	Fort George State Park
December	—	Buck Mountain
January and February	—	Winter Slides
March	—	Black Mountain
April	—	Crane Mountain

Music and Dramatics

Our musical and dramatic organizations help us to appreciate the finer arts of life. We experience satisfying fellowship in working together with a common purpose, whether it be to perform a great symphony by Beethoven, to present a drama by Shakespeare, or to play a rousing march and spur school spirit. We find that public performance requires perseverance, develops confidence, and fosters other qualities which lead to success. We learn that it is necessary to rely upon our own powers and talents, not upon those of others. By our active participation in these organizations, we experience a keen personal pleasure which helps us to attain a richer, more meaningful life.

"All the world's a stage" . . . and the stage at our senior high school vibrated with activity this year, as the 70 members of the Junior-Senior Dramatics Club focused their energies, talents, and enthusiasm in their annual Drama Night Program. Student directors, backstage crews, make-up committees, business managers, ticket sellers, ushers, and publicity writers delved into all phases of the theater with spirit and "spirit gum." As usual, the Junior-Senior Dramatics Club presented two of the three plays produced plus all of the song and dance specialities.

"I'm not going to take any more of yer lip, see?" Tough-acting Wilfred Smith, alias Dembrowski, the bum, creates havoc with his ungentlemanly behavior in "Hung Jury." Peter Dudley remains unperturbed — but Paul Ringwood is about to come to the fair damsel's rescue. In the dim background are Kathy Carter and Caroline Edmunds.

Special Events

The school year was highlighted by several outstanding events which were the culmination of hard work and cooperation on the part of the student body. Through the efforts of our three classes and the Hi-Y, the Sophomore Hop, Senior Ball, Spinster Swing, and Junior Prom provided the social highlights of the year. In addition, the dramatic performances given on Patrons' Evening and the Senior Play put on in April represented the final outcome of many hours of rehearsals on the part of the Senior Dramatics Class.

The problems of producing a play or decorating for a dance and the satisfaction in the successful outcome of each event have done much to make us realize the necessity for cooperation in achieving a common goal. We found that each of us possesses a unique talent which filled a special need in making these undertakings successful.

One of the highlights of the Junior Prom is The Grand March, led this year by Mr. Van Der Voort.

Isle of Capri

A huge octopus, giant sea shells, seaside cafes, flower baskets, and pastel streamers greeted our eyes on this night of enchantment as we entered the tropical paradise, Isle of Capri.

"Oh, David! Please put her arm back on."

Helping out or just clowning around? At any rate, Phil and Walt add to our pleasure while we decorate the gym.

The Class of 1961

"Mr. Kemper, the artist? Delighted!"

"Fifty dollars is no joke, Mrs. Levi."

THE POST-STAR — April 8, 1961

By Florence McIlvaine

A delightful production of Thornton Wilder's period comedy, "The Matchmaker," was unveiled by the Glens Falls High School senior class before a large opening night audience last night in the school auditorium. Under the direction of Mrs. Muriel Rosebrook Stark, the cast of 17 players demonstrated a flair for farce in deliciously stylized interpretations throughout the four acts of adventures and misadventures bringing a half dozen of them to the verge of matrimony.

Philip McIntire was the epitome of an autocratic uncle and employer in the part of Horace Vandergelder, determined to prevent his lovely niece, Ermengarde, played tremulously by Wendy Glass, from marrying the artist Ambrose Kemper, enacted with shy determination by Walter Harrison.

It is clear to everyone but Horace that he has met his match in Mrs. Levi, a role extremely well performed by Pamela Trimbey. Before his final surrender, however, a satisfactory attachment has developed between his underpaid and overworked clerk, Cornelius Hackl, and Mrs. Malloy, the hat shop proprietor who has been the object of Horace's tentative designs. Fred Oberst, as Cornelius, and John Dowd as the junior clerk, Barnaby Tucker, were responsible for some wonderfully funny scenes, and Anne Hallenbeck played the part of Mrs. Malloy with bounce and zest.

"It's employers there's a dearth of. Seems you hear of a new one dying every day."

"You'll never marry my niece, Kemper!"

Presents "The Matchmaker"

Michael Clarke's performance as the unclassifiable Malachi Stack, Horace's new employe, had a wonderfully pixie quality and Carolyn Jones was fine as the wacky Miss Van Huysen, ever ready to abet the course of young lovers.

Others in the cast contributed with distinction, Lee Hastings as Minnie Fay, the hat shop assistant; Jacqueline Dwyer, as Gertrude, of the ladylike exit; Philip McDowell as a cabman, Louis McArthur and Ronald Newell as Rudolf and August, waiters at the Harmonia Gardens Restaurant; Nicola FitzGerald as Miss Van Huysen's cook and companion, Walter Murphy as Joe Scanlon, the barber, and Zoltan Gaal as the gypsy musician.

In the course of the play, a number of the characters are called upon to step to the footlights and explain things to the audience. These monologues were in good hands. Miss Trimbey's final act dissertation on the importance of a little money was especially well done.

The pace of the play was well sustained and scene changes, from the Vandergelder's house in Yonkers, to the hat store, to the restaurant, and to the denouement in Miss Van Huysen's house, were handled with dispatch. The settings, designed by Darold Perkins, were charming reminders of the elegant eighties, and the costumes added a gay touch.

The High School Orchestra conducted by Maurice C. Whitney set the mood for the production with a sprightly overture and appropriate entr'acte selections.

Sharing in credit for the professional finish of the production were the backstage staff of students and teachers. Sound effects and lighting were skillfully handled, and the exploding tomato cans were as realistic as anyone could desire.

"Who was it that dropped an oyster right down Mrs. . . . but it's too wicked to tell you."

"You'd like to choose a hat for a friend?"

"Why, Cornelius, you can't kiss Mrs. Malloy — she'll scream!"

"Yes, there is a man in there!"

"We hope you all have just the right amount of quietly sitting at home, and just the right amount of adventure in your life."

"Remove that table, we're eating at this one alone."

"Why, behind your back your clerks call you Wolftrap!"

"You're fired! You're discharged! I never want to see you again."

It's time for fun and laughter during the "pause that refreshes."

Your socks are showing, Miss Hayes, and you're our nominee for honorable mention!

Student Life

Our association with the hundreds of students with whom we attend high school is one of the most important factors in making us what we are. We have shared our successes as well as our failures, our laughter as well as our tears. We have learned to be tolerant of the ideas and opinions of our classmates and to better understand their strengths and weaknesses. In working with other students, we have learned to cooperate and to share both responsibility and reward. We have learned that honesty and integrity are virtues to be highly regarded, and that slothfulness and indifference bring only lack of respect.

On the way to maturity, our character grows and strengthens through these high school years. Each student we pass in the hall, each person we sit next to in class influences us in some way. Our cognizance of these facts affects our behavior toward the goal of making us better citizens of our school and community.

Senior Class History

There we were, uncertain and nervous, sitting in the auditorium, hearing Mr. Brown's welcome; a new school year had begun. As the first weeks passed swiftly by, we became more at home in these wonderful, new surroundings. Then we were planning our first class dance, "Hawaiian Sunset." We were so proud of our grass hut and palm trees; it was an enchanted night. Down to earth again, we labored over mid-years. Soon the basketball season, the Spinster Swing, and classes were over for another year. Yes, looking back over '58-'59, we realized that we had done and learned a great deal — and had even more to do in the next two years.

With our junior year came added responsibility and more enjoyment in working together. Remember the horrible indecision we faced in picking out our class rings? Finally we made our choice, and in November we were the proud owners of rectangular rings with the traditional Indian head in the center. Toiling over "tons" of homework, rushing to the guidance office for college manuals, writing termpapers, shaking about Regents, we just lived for the week ends. The Merit Scholarship Exam, College Boards, Honor Society inductions — the Junior Prom! What could we do for decorations? What about a theme? After many frustrating hours, we finally decided on the "Isle of Capri" — a wise choice. It was like a dream with our sandy beach, our pastel streamers, our seaside dock, the myriad flowers, and the coronation. But the evening went too quickly, and soon we were back at the old grind. Are you applying for early admission to college? What courses are you taking next year? Our heads swirled with important questions as we looked forward to our busiest and best year.

Finally we were Seniors; it seemed impossible! We were the leaders of the school and soon understood the burden of responsibility.

In September of 1960, we welcomed a foreign student from Australia — Nicky Fitz-Gerald. Nicky was a welcome addition to our school; we shall remember her fondly in the years to come.

Nicky, as well as all of the members of the Senior Class, had much to look forward to in the coming year. The Senior year was truly our busiest year by far . . . class pictures . . . yearbook sales . . . graduation announcements . . . caps and gowns . . . name cards . . . the Red and Black! Would we ever finish it? Then the Senior Ball, our last class dance, thoughtfully named "Winterland by Night." It was as beautiful as its name indicates: shining stars, a woodland chapel, our skating rink, the sleigh. Although the dance was not a financial success, we were well satisfied with our efforts.

College Boards, college and vocational applications, Drama Night and the Orchestra and Band Concerts came too soon. We soon began to savor our last days as Seniors. Finals loomed ahead, and with them graduation. It seemed impossible, but it came. The last few days rushed by with Class Day, exams, pageant rehearsals, and autographing. Together for the last time, we marched down the aisle in our red and black robes, thinking of the past and of the future. They were over, those three happy, busy, rich years. May we never forget them.

Seniors Win Honors

The Class of 1961 distinguished itself as many of its members were recognized for their outstanding achievements in citizenship and scholarship.

Wanda Emerson was awarded a trip to the United Nations Youth Seminar in New York City last year for receiving the highest mark in a special examination on the U. N. Mike Woodbury received a monetary award for second place.

Jon Hurwitz and Carolyn Jones were our representatives to Empire Boys' and Girls' State, and recipients of the Optimist Youth Appreciation Week Good Citizen Award.

Elaine Hillman received the D.A.R. Good Citizenship Award.

Philip McIntire was the recipient of the Dartmouth Books Award and the winner of both the Elk's Club Leadership Award and an English award from the National Council of Teachers in English.

Jacqueline Dwyer was our school's nominee for the Jenkins Memorial P.T.A. Award.

Twelve seniors received letters of commendation in the National Merit Scholarship Program.

Walter Harrison received the Bausch and Lomb Science Award and was a Finalist in both the National Merit and National Honor Society Scholarship Programs.

Paul Nason was awarded a National Merit Scholarship. This was particularly outstanding since National Merit Scholarships were awarded to less than 1,000 of the nation's secondary school seniors. Paul was also a Finalist in the National Honor Society Scholarship Program.

Winners of New York State Regents Scholarships were Edna Achenbach, Katharine Colson, Wanda Emerson, Walter Harrison, Carolyn Jones, Philip McIntire, Paul Nason, Robert Smith, John Rousseau, and Pamela Trimbey. Walter Harrison, Paul Nason, and Robert Smith were also winners of New York State Science and Engineering Scholarships.

Junior Class History

Entering Glens Falls Senior High School two years ago was a thrilling experience for the Class of '62, but we had many difficulties to overcome in the beginning of our high school career. We entered our junior year, however, with self-confidence and enthusiasm for meeting new challenges. To guide us we re-elected David Clark as our president; and elected Jane McNairy, vice-president; Penny Peck, secretary; and Arnold Alkes, treasurer.

Our first big event this year was ordering and receiving our class rings. From the time the ring committee, consisting of David Clark, Jane McNairy, Scott Alexander, Gretchen Herschleb, and Penny Peck, displayed the samples, we could scarcely wait to receive our rings. The ring mounting was round, and the rings were very special and different from other class rings. We had our choice of ruby, gold, or black onyx with the Glens Falls crest. Although everyone had a hard time deciding on the background, when the rings arrived, we unanimously agreed that they were the most beautiful we had ever seen.

In the field of sports, the Junior Class has been active and outstanding. In football we starred Dave Clark, Mike Smith, Cal Tucker, Todd Zenger, Dave Usher and Neild Waterman. In our beautiful gym we shouted and yelled when Mike Smith, Dave Clark, Pat Wright, and Cal Tucker sank baskets for the varsity team. Mary Lee Moynihan, Gretchen Herschleb, Jane McNairy, Priscilla Van Wirt, and Peggy Halladay have led us in cheering both the jayvee and varsity teams to victory.

Jane McNairy was elected vice-president of Student Council the first term; Gretchen Herschleb, the second term. In March, Gretchen Herschleb was chosen to represent our school this summer at Girls' State, and Zoltan Gaal was chosen to attend Boys' State.

Being tapped for Honor Society while a junior is a great accomplishment. Six of our members were so honored at the impressive National Honor Society assembly in the spring: Barbara Bulova, Katherine Carter, Marilyn Crannell, Helen Cowles, John Glaspey, and Ann Minnick.

As with all Junior classes, however, our Junior Prom was the high point of our year. Under the co-chairmanship of Gretchen Herschleb and Arnold Alkes, we took a magic carpet to "Far Away Places," and we will always remember the soft lights, soft colors, haunting music, and beautiful gowns. Then came the climax of the evening — the entrance of our own beautiful Prom Queen, Mary Lee Moynihan, and her lovely attendants: Gretchen Herschleb, Sharon Hickey, Kristine Kenney, Jane McNairy, Penny Peck and Priscilla Van Wirt. After the Intermission Party and the After-the-Ball Party, we gathered next morning, weary and exhausted but full of "wasn't it beautiful" memories, for the Clean-up Party!

We are specially grateful to our Junior class adviser, Miss Gahimer, and to all of our teachers who have helped us to complete successfully our second year in Glens Falls High. Having had a year full of fun, knowledge, exciting experiences, and success, the Class of '62 is looking forward to its Senior Year.

Sophomore Class History

Our sophomore class, a little wet behind the ears, entered Senior High School in September 1960. For a short time we were bewildered by the many different activities and procedures, but it didn't take us long to develop a feeling that we were *part* of Senior High.

Our first important class activity, under the supervision of Miss Bazinet, was the Sophomore Hop. We decorated the gym to the theme of "East of the Sun." The artistic and social success of our dance was attributed to the hard working committee heads and their helpers — financially, it was another story!

Many members of our class were active in sports. Joseph Carusone, Neil Goodrich, John Weber, Dale Comar, Joe Monsour, and Stephen Kelly made the varsity football squad. During the basketball season, Joseph Carusone played on the varsity team while many other sophomores played on the jayvee team. Neil Goodrich, Richard Collin, Bruce McElmon, Mike Chandler, and William Garrow added some needed strength to the wrestling team. Cheering the Indians on to victory were the jayvee cheerleaders: Barbara Slayton, Carollee Viger, and Sharon DeGraff.

Many sophomores have also participated in extracurricular activities such as music and dramatics. The Sophomore Dramatics Club presented "Perchance to Dream" with great enthusiasm and brought much enjoyment to a large audience.

Most important of all, however, was our high scholastic standing and good representation on honor rolls. We have had a wonderful year and will be looking forward to bigger things next year.

The Community

To the people of Glens Falls goes our sincere thanks for the helping hand extended to us during our three years at Glens Falls High School. Without their devoted assistance and patronage, many of our school functions would not have been successful. They not only furnished us with props for stage productions and decorations for our dances, but provided many of us with part-time and summer employment.

We are especially grateful to our advertisers, for without their cooperation and support the publication of this yearbook would not have been possible.

Our contact with the members of our community has made us more conscious of the numerous benefits Glens Falls has to offer. The various examples of community service frequently demonstrated by local businessmen has shown us the path we should follow when we take our place in the community as adults.

Good Luck — and more!

Managing your money properly is more than a matter of good luck, as you probably discovered some time ago.

You're just at the right age to start using the money management "secret" of financially successful people everywhere — a checking account.

Here at First National Bank, many young people find a ThriftiCheck account ideal for keeping tabs on their allowance, and other funds they earn. We'll be glad to explain how useful a ThriftiCheck account can be to you, too!

Why not stop in soon? You'll be glad you did.

Glens Falls High

Words and Music by
LEROY G. PHELPS, '11

Near the Adirondack foothills,
Where roars the Hudson grand;
Where battlefields lie buried,
'Neath advancement's spreading hand;
There's a place we'll ever cherish,
And exalt unto the sky,
May her honor never waver,
Our dear old Glens Falls High!

All our hopes and expectations,
All we shall ever claim,
Be our names still in the background,
Or viewed in halls of fame;
Our success and all our fortunes,
We know not the reason why,
But we feel we'll ever owe them,
To dear old Glens Falls High.

May the friendships ne'er be broken,
We've made while working here,
Tho' the problems be forgotten,
Which to us are made so clear,
And when we are old and weary,
Looking backward with a sigh,
We still shall love most dearly,
Our grand old Glens Falls High.
